

TE6.03 Lead an Adult Bible Study Group

(5 hours)

Apprentice:	Trainer:	Completed: / /
-------------	----------	-------------------

As well as learning to teach the Bible to children and youth, Apprentices need the experience and skills in teaching adults. These might be church-based or campus-based Bible and Prayer Groups. Leading our peers and elders is a different ministry than working with those who are younger and these differences must be understood.

Exercise

To lead a group of adults in regular Bible study and prayer.

Aims

1. To learn to prepare Bible studies for adults.
2. To learn the skills of teaching using the discussion method.
3. To learn to lead the group in prayer.
