#### Exercise

To involve and train someone in some ministry with you.

### Aims

To learn to motivate and train others in ministry to take over your job. This will ensure that your ministry will continue when you have finished your MTS Apprenticeship.

#### **Apprentices**

- 1. Think of a ministry for which you could train someone. Examples: leading a Prayer Session in a group, leading a Bible Study discussion, leading part of a Bible Study discussion, Ministry of the Pew, personal evangelism, personal follow-up.
- 2. Select a person to train in one area. The person could be a friend at church or someone you are already ministering to.
- 3. Persuade them to have a go at the ministry you are proposing.
- 4. Instruct, model, practise, feedback.
- 5. Catch up with the person you are training (1 hr.) to discuss progress training, new ideas, etc.
- 6. Train alongside them in the Ministry (1 hr.)

## Evaluation

Report to your Trainer: whom you have trained and in what ministry you have trained them.
